

Operating at a very high level of performance, demonstrating well developed occupational health and safety management systems and culture, outstanding control of risk and very low levels of error, harm and loss.

Monarch Education Furniture is an official member of the British Education Suppliers Association (BESA). BESA is a trade association who work on behalf of their members to support UK-based companies that supply goods and services to the education sector.

Welcome to Monarch Wooden Locker Catalogue

For over 30 years we've been carving out a unique spot in the education furniture industry, with warm customer service and fantastic lead times that you won't find anywhere else. In our 96,000 square foot purpose-built factory in Nottingham, we manufacture a wide range of stock units and undertake bespoke projects to meet the complex needs of the education, healthcare, and public sector markets.

Our customers are always at the heart of our business and our dedication and commitment to service and support is the reason we are recognised as a leader in our field.

Follow us on our journey...

Environmentally Friendly

Did you know?

Our certified FSC MFC is manufactured in Chirk, Wales. 80% of the boards are recycled timber (a mix of hardwood & softwood coming from old furniture, pallets, cable reels).

The recycled content comes from the UK & the 20% non-recycled material is spruce/pine which is also grown in the UK. For every tree felled - two trees are planted.

Once our furniture reaches the end of its lifetime, around 100% of the unit can be recycled.

Factory

LED lighting in the factory and offices are each fitted with an individual PIR sensor so that they are only on when someone is active in that area. The dust extraction system is fully enclosed which returns the filtered air back into the factory to reduce heat loss.

Excess material from units damaged in transit will be returned to the factory for possible reuse. All cardboard, paper and plastic are compacted and recycled with a local recycler. All metal is separated and recycled locally and our supplier of degreasing chemicals is also licensed to collect our chemical waste. We are a registered waste carrier.

Our Biomass boiler can burn up to 5 tonnes...

of waste wood per week greatly reducing the amount of waste that is sent for recycling. The heat generated is piped to into our factory.

REGISTERED

Quality

We offer exceptional build quality, hand finished and functionally safe for use within the rigours of a busy learning environment. We use high quality materials and components to ensure each unit is robust, rigid and sturdy. Each unit is constructed using 18mm FSC certified MFC, 2mm thick ABS edging and fitted together by cam and dowel construction.

We manufacture our metal range using 25 x 25mm ERW steel tube, fully welded with an epoxy powder coated finish.

Warranty & Safety

All of our products are hand built in the UK and are independently tested by FIRA to BS EN 16121:2013 Level 2 British Standard and EU equivalent in respect of strength, durability and stability. Complete with a 5-year warranty.

Unwrap & Check Service™

With our famous **Unwrap & Check Service™** our driver will deliver your order to a nominated ground level reception point. All items are unpacked by our driver and checked by the customer for damages. All packaging is taken away by driver which is then recycled by our factory.

Sales Team

Our customers are always at the heart of our business and our dedication and commitment to service and support is the reason we are recognised as a leader in our field.
